

## Prevalence of 'Intimate Partner Violence' against women: all countries for which appropriate surveys have been

Please contact John Simister, if you know of more data to add to this list below.

### Key to 'study population' column:

This list was begun by:

Mary Ellsberg;

Lori Heise;

John Simister.

Last updated 3rd December 2011.

- I all women
- II currently married/partnered
- III ever-married/partnered
- IV women with a pregnancy outcome
- V married women: half pregnant, half not
- VI women who had partner in last 12 months
- VII men reporting their own violence against partners
- VIII women and men

DHS surveys are from 'link between temperature and GBV.sps'.
